

Dear Sisters,

It's been nearly 15 months since we affirmed our 2018 Chapter goals, and we are pleased to hear about some of the ways you are:

- *educating* yourselves about the structures and ongoing impacts of racism;
- *engaging in relationships* with persons and communities of diverse cultural and ethnic backgrounds; and
- *working to dismantle* structures of privilege in yourselves and others.

For example, Sisters are singing in the Unity Choir, participating in Undivided in Christ, and attending educational workshops, book clubs, and forums, such as the Summit for Racial Justice.

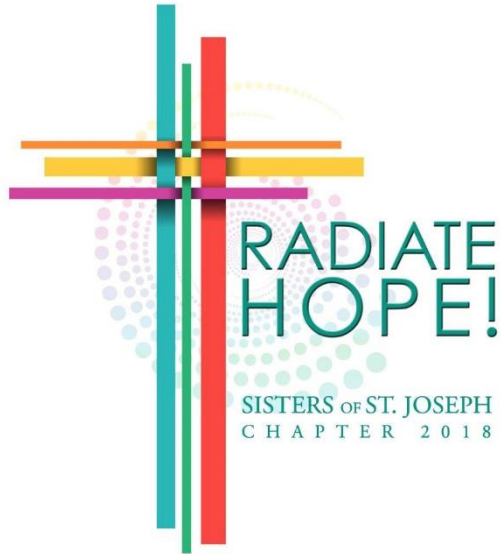

Perhaps you are working toward these goals individually, with a group, or with partners in the community. If so, please take a few minutes to describe briefly how you are advancing these Chapter goals using the form on the back of this letter.

Sharing this information with each other may inspire us with new ideas and provide the Communications Office with opportunities for communicating the individual and communal fruits of your work.

Please return your response to Barb Hecht, Communications Office, by Monday, Dec. 11.

Thank you,

Sharon, Mary, Lyn, and Jean

Form can be filled in electronically.

Name:

How are you responding to the Chapter goals relating to anti-racism and cultural diversity? Please describe briefly:
